If the insurer has been authorized to debit the premium from the selected payment method, the payment shall be deemed to have been made, if there is sufficient cover on the stated payment method at the time of debiting. The amount of the premiums is usually based on the selected insurance cover and the term of the contract.

Your AWP P&C S.A., Germany Branch

Data Protection

In accordance with Art. 13 and 14 of the General Data Protection Regulation (GDPR), we are informing you about how your personal data is processed by AWP P&C S.A., Niederlassung für Deutschland (Germany Branch), and about the rights to which you are entitled under data protection law. Please make all co-insured individuals (e.g. your spouse) aware of this policy.

I Who is responsible for processing your personal data?

Responsibility for processing your personal data rests with

AWP P&C S.A., Niederlassung für Deutschland
Bahnhofstraße 16
D - 85609 Aschheim (near Munich).

The Data Protection Officer can be contacted by standard mail at the aforementioned address, using the suffix "Data Protection Officer", or by email at datenschutz-azpde@allianz.com.

II For what purpose is your data processed, and on what legal basis does this take place?

1. What applies to all categories of personal data?

We process your personal data in compliance with the EU General Data Protection Regulation (GDPR), the German Federal Data Protection Act (BDSG), the provisions of the German Insurance Contract Act (VVG) relevant to data protection law, as well as all other applicable laws.

When you apply for insurance cover, we will require the information provided by you at this point in order to arrange the contract and to estimate the risk assumed by us. If the insurance contract comes into being, we will process this data for the implementation of the contractual relationship, such as for invoicing purposes. We require information about loss or damage in order to be able to assess whether an insured event has occurred and determine the extent of this loss or damage.

It is not possible to arrange and implement the insurance contract without processing your personal data.

Art. 6 (1) b) GDPR constitutes the legal basis for the processing of personal data for pre-contractual and contractual purposes.

Alongside that, Art. 6 (1) a) and c) – f) GDPR contain other legally defined situations in which we are entitled to process personal data.

We will process your data in order to fulfil a legal obligation in accordance with Art 6 (1) c) GDPR, such as to review claims for settlement, if another insurer seeks recourse from us due to the existence of multiple insurance policies.

We will also process your data in order to uphold our legitimate interests or the legitimate interests of others, Art. 6 (1) f) GDPR. This may be the case particularly:

- for ensuring IT security and IT operations
- for marketing our own insurance products, and for conducting marketing surveys and opinion polls
- for the prevention and investigation of criminal activities (in particular, we employ data analyses to detect possible indications of insurance fraud).

As a rule, we only process that data that we have received directly from you. In certain cases we may also receive such data from other sources (such as if another insurer seeks recourse from us due to the existence of multiple insurance policies).

We also process your personal data in order to fulfil other statutory obligations, such as regulatory requirements, as well as data retention obligations imposed by commercial and tax law.

In these cases, the legal basis of the data processing is provided by the relevant statutory regulations in conjunction with Art 6 (1) c) GDPR.

We may also process your data in accordance with Art 6 (1) d) GDPR in order to protect your vital interests, or if you have consented to the data processing, Art. 6 (1) a) GDPR.

If we wish to process your data for any purpose other than those specified above, we will notify you in advance within the framework of the statutory regulations.

2. What applies to special categories of personal data, especially health data?

There are special safeguards on the processing of special categories of personal data, of which health data is one. As a rule, processing is permitted only if you have consented to the processing in accordance with Art. 9 (2) a) GDPR, or if this is a case of one of the other situations defined by law, Art. 9 (2) b) – j) GDPR.

a) Processing of your special categories of personal data

In many cases, in order to review the benefit entitlement, we require personal data belonging to a special category (sensitive data). This includes health data, for example. If, in connection with a specific insured event, you provide us with such data together with a request to review and process the claim, you are explicitly permitting us to process your sensitive data necessary in order to process the insured event. We will again remind you specifically of this fact in the claim form.

You may withdraw your consent at any time, with future effect. However, we explicitly inform you that it may in that case no longer be possible to review our indemnity obligation in connection with the insured event. If the review of the claim is already concluded, there may be statutory retention obligations that mean the data cannot be erased.

We may also process your sensitive data if this is necessary to protect your vital interests, and if you are physically or legally incapable of giving consent, Art. 9 (2) c) GDPR. This may be the case if you suffer a serious accident while travelling, for example.

In the case of multiple insurance policies, if another insurer seeks recourse from us or if we seek recourse from another insurer, we may process your sensitive data in order to assert and defend the statutory claim for settlement, Art. 9 (2) f) GDPR.

b) Requesting health data from third parties for review of the indemnity obligation

In order to review our indemnity obligation, it may be necessary for us to review information about the state of your health, as provided by you for the substantiation of claims, or which is contained in the documents submitted (e.g. invoices, prescriptions, medical reports) or statements, such as from a doctor or other member of the healthcare profession.

For this purpose, we will require your consent, including a confidentiality waiver covering us and all agencies subject to a duty of confidentiality, and which are required to provide information for review of the indemnity obligation.

We will notify you in each specific case about what persons or institutions require information for what purpose. You may then decide in each case whether you consent to us collecting and using your health information, and whether to release the named persons or institutions and their duty of non-disclosure, and if you agree to the communication of your health data to us, or if you want to personally provide the necessary documentation.

III To what recipients will we communicate your data?

Recipients of your personal data may include: selected external service providers (e.g. assistance service providers, benefit processors, transport service providers, technical service providers, etc.), other insurers (e.g. in the case of multiple insurance coverage).

We also insure some of the risks that we cover with specialist insurance companies (re-insurers). To this end, it may be necessary to send your contract and, where relevant, your claims information to a re-insurer, to enable it to form its own opinion of the risk or the insured event.

If you join a group insurance contract as an insured person, (e.g. when acquiring a credit card), we may disclose your personal data to the policyholder (a bank for example), if it has a legitimate interest in knowing this information.

In addition, we may also communicate your personal data to other recipients, such as public authorities for the fulfilment of statutory duties of notification (e.g. finance authorities or criminal investigation agencies).

The forwarding of data is a form of data processing, and is likewise performed within the framework of the principles set out in Art. 6 (1) and Art. 9 (2) GDPR.

IV How long will we retain your data?

We will retain your data for the period during which claims may be made against our company (statutory limitation period of 3 to 30 years). We will also retain your data if we are under a legal obligation to do so, e.g. according to the provisions of the German Commercial Code, the German Fiscal Code or the German Money Laundering Act. The relevant retention periods range up to ten years.

V Where will your data be processed?

If we should transfer your data to service providers located outside of the European Economic Area (EEA), the transfer within the Allianz Group will be performed on the basis of "Binding Corporate Rules", which have been approved by the data protection authorities. These form part of the "Allianz Privacy Standard". These Corporate Rules are binding on all companies within the Allianz Group, and they ensure an appropriate level of protection for personal data. The "Allianz Privacy Standard" and the list of Allianz Group companies bound by this standard, can be viewed here: <https://www.allianz-partners.com/allianz-partners---binding-corporate-rules-.html>.

In those cases in which the "Allianz Privacy Standard" does not apply, the transfer of data to third countries will take place in accordance with Art. 44 – 50 GDPR.

VI What are your rights?

You have the right to be informed about all of the information retained by us, and to demand that incorrect data be rectified. Under certain conditions, you also have the right to the erasure of data, the right to object to processing, the right to the restriction of processing and the right to data portability.

Right of objection

You may object to the processing of your data for direct marketing purposes. If we process your data in order to protect legitimate interests, you may object to this processing for reasons pertaining to your particular situation.

If you have any objections concerning the handling of your data, you may contact the aforementioned Data Protection Officer in this connection. You are also entitled to lodge an objection with a data protection supervisory authority

General Information in the Event of Claim

What do you do in any case of damage?

The insured person must minimise and document the damage as far as possible. For this reason, please ensure that you have suitable proof of the occurrence of the damage (e.g. confirmation of damage, medical certificate) and of the extent of damage (e.g. bills, receipts).

What should you do if you fall ill, injure yourself or any other emergency occurs during your stay in the agreed area of validity? (Health Insurance, Emergency Call Insurance)

Please immediately contact the Assistance in case of severe injuries or serious illnesses, particularly prior to hospitalisation, so that adequate treatment can be ensured or repatriation transport arranged. For the reimbursement of the costs you have paid at the location, please submit original bills and/or prescriptions.

Important: The bills must show the name of the person receiving treatment, the name of the illness, the treatment data and the individual medical services provided and the costs of these. Prescriptions must provide information on the medications prescribed, the prices and bear the stamp of the pharmacy.

Terms and Conditions of AWP P&C S.A., Germany Branch

General Provisions

VB AB-CLA 20 MST

The regulations as stipulated under §§ 1 to 11 apply to all MAWISTA Student insurance products.

The Terms and Conditions (VB) printed below apply to the respective insurance. Insurance cover is provided if you have contractually agreed the insurance concerned.

§ 1 Who is eligible for insurance cover?

1. The following are eligible for insurance cover:

- Residents of Germany who are travelling abroad as language pupils, students, scholarship holders, candidates for a doctor's degree, guest researchers, practical trainees, or who are participating in „work- & holiday“-programs as well as accompanying members of his or her family.
- Persons residing in Germany who are in possession of a residence permit for educational purposes, and the accompanying members of their family.
- Persons in possession of another type of temporary residence permit for Germany.

The requirement is that the person has not yet reached their 55th birthday on the date on which the insurance policy begins.

2. Insurance cover applies to the person specifically named in the insurance policy documentation for their temporary period of residence in accordance with the agreed area of validity.

§ 2 What area of validity does the insurance apply to?

Insurance cover is valid for insured persons

- with Germany as home country for the temporary stay outside Germany. There is no insurance coverage for stays in Germany.
- with temporary resident status in Germany, for the temporary stay in Germany, in addition to periods that count as holiday or for training purposes in the EU as well as in Switzerland, Liechtenstein, Norway, United Kingdom and Iceland. There is no insurance cover outside the above-stated countries.

§ 3 When does the insurance begin and end?

Insurance cover

- begins at the time stated in the insurance policy (start of insurance), however not before applying for insurance, not before crossing the border and not before the expiry of any waiting periods. Waiting periods are calculated from the commencement of insurance.
- ends at the agreed time, at the latest at the end of the insured stay in the agreed area of validity.
- can be extended for up to 48 months (= maximum tariff-based term of insurance) upon application before the expiry of the original term of contract insofar as the temporary period of residency continues and the insurance policyholder is willing and able to pay the premiums applicable at the time of the extension of cover. If the maximum tariff-based term of insurance of 48 months has been completed, a new contract can be applied for if the requirements stipulated in No. 4 below are met.
- for persons with temporary resident status in Germany, a maximum term of 60 months (= statutory limit of 60 months) may not be exceeded, taking into account any similar insurance policies with other insurers.

§ 4 What term of validity does the contract have? When is the premium payable?

- The insurance contract can be agreed for full months in each case and for a maximum term of 48 months.
- The insured person can give notice of termination of the insurance contract daily to the end of the month.
- The premium is due for the first time on commencement of the insurance contract and is payable each month in advance. The payment of the premium can be made by using one of the available payment methods (e.g. SEPA direct debit or credit card).

If the first premium has not been paid upon the occurrence of the insured event, the insurer shall not have a duty to indemnify, unless the insured person is not responsible for non-payment. If the insurer has been authorized to debit the premium from the selected payment method, the payment shall be deemed to have been made, if there is sufficient cover on the stated payment method at the time of debiting.

- If a contract is valid for a term of longer than one month, the renewal premium is payable on the 1st day of the new month respectively.

If the insurer has been authorized to debit the premium from the selected payment method, the payment shall be deemed to have been made, if there is sufficient cover on the stated payment method at the time of debiting.

If the renewal premium is not paid, the insurer may set a period for payment of at least two weeks in text form. If an insured event occurs after the expiry of the period and the insured person is still in arrears with the payment of the renewal premium, the insurer is exempted from its duty to indemnify. The insurer may terminate the contract instantly if the insured person is still in arrears with payment after the expiry of the period. If payment is made within one month after termination or after the expiry of the period set for payment, the effect of the termination ceases to apply

and the contract enters into force again. However, no insurance cover is provided for insured events occurring after the expiry of the period set for payment.

§ 5 In which cases does insurance cover not apply?

No insurance cover is provided in the following cases:

- Damage or loss caused by strikes, nuclear energy, confiscation and other invention acts by public authority, as well as damage or loss in areas for which the German Federal Foreign Office has issued a travel warning. If an insured person is at such a location at the time when a travel warning is issued, insurance cover ends 14 days after the issuance of the travel warning; insurance cover continues in spite of the travel warning if the end of travel is delayed for reasons for which the insured person is not responsible.
- Damage or loss due to war or events similar to war; however, insurance cover does exist if the damage or loss occurs in the first 14 days after the beginning of the events; insurance cover continues if the end of travel is delayed for reasons for which the insured person is not responsible. This does not apply in case of stays in countries in whose territory war or civil war is already ongoing or where such an outbreak was foreseeable. Damage or loss through active participation in war, civil war or events similar to war are not covered by the insurance.
- Damage or losses intentionally caused by the insured person.

§ 6 What are the duties and obligations of the insured person in the event of a claim?

The insured person is obliged to:

- Minimise the loss as far as possible and avoid unnecessary costs.
- Report the loss to the insurer without delay.
- Describe the damaging event and the extent of damage and truthfully provide the insurer with any and all pertinent information. The insured person must furnish proof in the form of original bills and receipts, release physicians from their confidentiality obligation as necessary – including the physicians of the Assistance – and allow the insurer to reasonably examine the cause and amount of the asserted claim.

§ 7 When does AWP pay compensation?

As soon as the insurer has determined whether and to what extent it has an duty to indemnify, compensation is paid within two weeks.

§ 8 What applies if the insured person has claims for damages against third parties?

- In accordance with statutory regulations, claims for damages against third parties pass to the insurer up to the level of payment effected, provided that the insured person suffers no disadvantage thereby.
- The insured person is obliged to confirm the assignment of claims to this extent in writing upon request by the insurer.
- Any duties to indemnify arising under other insurance contracts and other social insurance institutions will have precedence over those of the insurer. The insurer will be deemed to have made advance payment, if the original bills are first presented to the insurer for payment.

§ 9 When does the insured person forfeit claims to insurance benefits due to a breach of duties and the statute of limitations?

- If a breach of duty is intentionally committed, the insurer is released from its duty to indemnify; in case of grossly negligent violation, AWP is entitled to reduce its payment in proportion to the degree of fault of the insured person.
- The insured person must furnish proof that no gross negligence was involved. Except in case of fraudulent intent, the insurer is obliged to indemnify if the insured person furnishes proof that the breach of duty is not the cause of either the occurrence or the determination or the scope of the insurer's duty to indemnify.
- The claim to an insurance benefit lapses in three years, calculated from the end of the year in which the claim occurred and the insured person obtained knowledge of the circumstances in order to assert the claim, or would have obtained knowledge without gross negligence.

§ 10 What form must be followed for submitted declarations of intent?

- Notices and declarations of intent from the insured person and the insurer are required to be in text form (e.g. letter, fax or e-mail).
- Insurance agents are authorised to accept such documents and forward them to the insurer.

§ 11 Which court in Germany is responsible for dealing with the assertion of claims based on the insurance contract and which law applies?

- At the option of the insured person, the courts of Munich or the place in Germany where the insured person has his or her permanent residence or habitual abode at the time the legal action is brought will have jurisdiction and venue.
- The laws of the Federal Republic of Germany apply insofar as they do not conflict with international law.

Terms and Conditions of the Emergency Call Insurance

VB N 20 MST

N.B.:

The Assistance is entrusted with the provision of services under the Emergency Call Insurance.

§ 1 What services does the insurer provide?

- The insurer provides assistance and support to the insured person during his or her stay in the agreed area of validity in the emergencies named below and pays the costs incurred up to the limits specified in each case. The insurer reserves the right to check cover. Services provided by the Assistance and declarations on its part to meet costs as well as any orders placed with service providers do not include any acknowledgement of the insurer's duty to indemnify under the insurance contract vis-à-vis the insured person as a basic principle.
- The insurer has entrusted the Assistance with the provision of services named below for the insured person as a 24-hour service.
- The insured person must contact the Assistance without delay to claim the services in an emergency.
- Insofar as the insured person cannot claim the reimbursement of amounts paid out from the insurer or from another payer, the insured person must repay the amounts to the insurer within one month of invoicing.

§ 2 What help does the Assistance provide in case of illness and accident?

1. Outpatient treatment

The Assistance provides information on the possibilities of medical care and names a physician who speaks German or English as far as possible. However, the Assistance does not contact the physician.

2. Inpatient treatment

In case of inpatient treatment of the insured person at a hospital, the Assistance provides the following services:

a) Support

If required, the Assistance establishes contact through its contract physician to the respective family physician of the insured person and to the hospital physicians providing treatment. It ensures that information is passed between the physicians involved. Upon request, the Assistance informs relatives of the insured person.

b) Patient visits

In case of the inpatient treatment of the insured person, the Assistance organises the travel for one person close to the insured person to the hospital where the insured person is staying and back to his or her place of residence in his or her home country. The insurer pays the costs of transport in case of a life-threatening illness of the insured person or if inpatient treatment lasts for longer than 14 days.

c) Declaration to meet costs

In case of inpatient hospital treatment, the insurer will give the insured person a declaration that it will meet the costs up to an amount of € 15,000. This declaration does not involve any recognition that the insurer has a duty to indemnify. The insurer assumes settlement with the payer responsible in the name of the insured person.

3. Patient repatriation transportation

As soon as medically advisable and appropriate, or if the duration of the hospital stay is expected to exceed 14 days in the opinion of the physician giving treatment, the Assistance will organise return transportation using medically adequate means of transport (including air ambulances) to the closest suitable hospital to the insured person's place of residence after prior consultation between the contract physician of the Assistance and the local physicians handling the case.

§ 3 Does the Assistance procure the necessary medications for the insured person?

In concert with the family physician of the insured person, the Assistance takes care of procuring medically prescribed medication and sending it to the insured person, if this is possible. The insured person must reimburse the costs of the medication to the Assistance within one month.

§ 4 What services does the Assistance provide in case of the death of the insured person?

If the insured person dies during his or her stay in the agreed area of validity, the Assistance will organise a funeral in the agreed area of validity or the repatriation of the deceased person's mortal remains to the place of the funeral in his or her home country as requested by the deceased person's relatives.
